Follow Advantage Lawn & Landscape on Facebook and on Twitter @GrowAdvantage

It's not too late to sign up for fall clean-ups, lawn aerating, or other landscape services.

Fall is the PERFECT time to maintain those driveways and patios with sealing and/or sweeping in polymeric sand.

FALL LEAF CLEANUP

A detailed collection of leaves and debris from lawns, landscapes and paved areas

Cutting all perennials, pruning all trees and shrubs

Cleaning gutters & hauling away leaves (optional)

Vacuuming and raking all leaves

Weekly, Bi-weekly, or Once-A-Season

BENEFITS INCLUDE

A healthier lawn with less thatch, plants will go into winter in the best shape possible, overall neat appearance for your home, prevents mold and fungi, helps prevent clogged drains and slippery walkways with fall rains and winter snows.

FALL LAWN MAINTENANCE

Lawn Aeration : a process of removing small plugs of thatch and soil to improve the flow of air, water and nutrients.

Seeding : spot seeding (seeding small areas with a spreader), slit seeding (machine that places seed in the ground), overseeding (seeding larger areas with a spreader).

BENEFITS OF AERATING INCLUDE

Regular aerating reduces lawn compaction, improves depth and extent of roots, allows better water intake, reduces water runoff and puddling, enhances water, fertilizer and oxygen uptake and reduces heat and drought stress on your lawn.

WINTER SERVICES

RESIDENTIAL & COMMERCIAL SNOW REMOVAL

Price based on 2-5" accumulation : Over 5" extra

RESIDENTIAL & COMMERCIAL SALTING

Eco-friendly salt available : Price & service varies on ice accumulation, temperature and forecast

COMPETITIVE RATES & QUICK RESPONSE
